

The Need

New Hope Uganda has been around for 30 years and now we have many grown sons and daughters in successful careers. Praise God! Many are working in the medical field, social work, business, and even starting their own ministries, multiplying our mission.

We work with our students in our early adulthood program to ensure they choose a path toward higher education that suits them. Some pursue certificates or vocational school, while others may choose university. Higher education often times costs more than our \$70/sponsorship will cover. As a result, we have created a scholarship fund to help meet this need.

We launch children into adulthood after their education is complete. They have taken the gospel with them throughout Uganda!

"I am very grateful for the scholarship fund and have greatly benefited from the extra support in achieving my future career goals."

- Joyce, Clinical Medicine Clark International University

"I never knew that I would be attending university and am amazed at how God has provided. It has really been humbling and I would like to thank those who have made it possible for me to continue my education. I am the first one in my family to be able to attend university."

- Aziza, Accounting Ndejje University

"I am so thankful for the extra support that I have received. It has enabled me to board in a safe location and my physical needs met in most all areas. The extra food, photocopying, and other support has given me the security and confidence to succeed in my studies."

- Keren, Clinical Medicine, Medicare Health Professionals
