

# NEWHOPEUGANDA

Thank you for your interest in supporting one of the Ugandan missionaries at NHU! This is the information we provide to potential sponsors, please read it to be sure you understand what this program involves.

The sponsorship program for our Ugandan staff members is set up as follows: Half of your sponsorship donation will be paid directly to the staff member in addition to their salary, and half of your donation will go to New Hope to help pay the salary. So when a staff member is sponsored, he or she receives his/her full salary plus a bonus (half of the sponsorship donation)!

## New Hope's responsibility:

- We will send an initial biographical profile and photograph of the staff member to the sponsor
- We will encourage staff members to write to their sponsors several times a year
- We will handle sponsorship payments responsibly and honorably, as detailed above

## Sponsor's responsibility:

- To make regular payments to New Hope Uganda
- To encourage the staff member by regular correspondence, expressing interest in his/her life, work, family, etc.
- To regularly pray for the staff member and his/her family

Sponsors may also send additional money if they wish. If you want your sponsored staff member to receive 100% of this additional money, the donation MUST be marked as a **gift**. Letters or material gifts may also be sent by regular mail to Uganda, and are always appreciated. We will provide you with the mailing address once we have assigned a staff member to you.

## Staff member's responsibility:

- To write to his/her sponsor regularly, even if the sponsor does not write
- To be honorable in what he/she writes, not asking for anything either directly or indirectly
- To be a good steward, before the Lord, of what is received from the sponsor
- To pray regularly for his/her sponsor

## General:

- A staff member may have more than one sponsor
- Only confirmed staff members are eligible for sponsorship (confirmation usually comes after one year of work)
- *Sponsorship ceases when a staff member leaves the employ of New Hope Uganda. Staff members who leave are expected to not ask sponsors to continue sponsoring them outside of NHU. This is not honorable and compromises the integrity of both themselves and the ministry of NHU*

Please feel free to contact us at [sponsors@newhopeuganda.org](mailto:sponsors@newhopeuganda.org) for answers to any questions you have about this program!
