SPONSORSHIP OPPORTUNITIES

CHILD

\$70 or \$35 a month
direct child sponsorship

Sponsor or cosponsor a child we care for at one of our two locations. Kasana child sponsorships include letter writing. Kobwin children do not participate in letter writing at this time due to the remote location and limited staffing. We provide regular updates about the ministry and your child.

Support Hope Family, a ministry that cares for orphaned, abandoned, and needy babies both on-site in our home and in the community by giving assistance to their families. One of the main provisions we provide is milk formula which costs \$25/week. Direct baby sponsorship is not available because children are normally with us for a short time while we find a permanent family for them. **You may support Hope Family with a donation of any amount.**

\$25 a month
or any amount

BABIES

SPECIAL NEEDS

\$70 or \$35 a month
direct child sponsorship

Directly sponsor a child in our special needs program. You'll join with several sponsors to cover the high medical costs. Our special needs children do not write letters, but we send regular ministry newsletters and occasional drawings from your child. **You may also support the special needs ministry with a donation of any amount.**

Directly sponsor one of our Ugandan missionaries who ministers to our children on a daily basis. Only full sponsorships of \$70 are available at this time. Missionaries and sponsors are encouraged to build a relationship through letter writing.

\$70 a month
direct adult sponsorship
